

LOEK VAN DEN BERG QUINTET

LYRICAL JAZZ AND HEAVY GROOVES!

The Loek van den Berg Quintet takes you on a trip, and keeps you on the edge of your seats with their storytelling compositions, heartfelt improvisations and their fabulous control of their instrument.

Their music is something else, and won't leave you indifferent! You can feel this during their live shows, where the passion and enthusiasm of the band will take you away.

In November 2018 the Loek van den Berg Quintet for the first time appeared on stage, and since then they have been playing all over the Netherlands and have done multiple international tours to for example India and Malta. Through the years the Quintet has created an own style characterized by the melodic and melancholic compositions of Loek. Everyone in the band is equal though. All five bandmembers have their own voice, which shines through the songs as there is a lot of room for own interpretation, improvisation and interaction. The quintet is built on a strong bond of friendship, which you can clearly hear in the music.
